Don't you find that weird...?

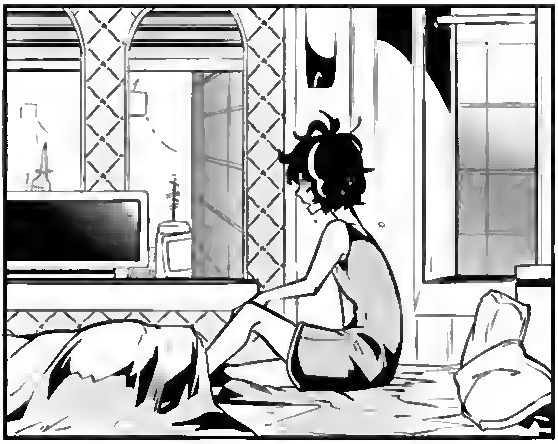
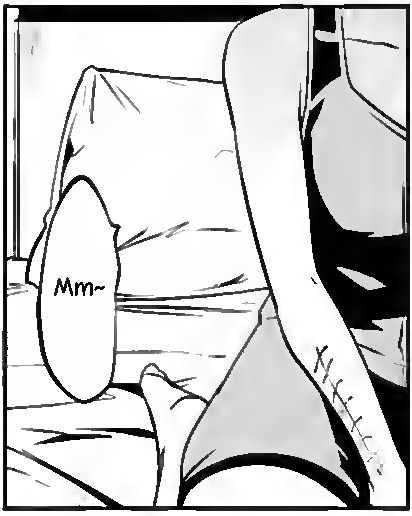
Geez, that girl's skill is honestly just not quite there. Just like her body!
You know, if they're gonna come from Layer 7, I would've preferred if you kidnapped a beauty! Hehe!

The arm.
...Which part of her?
Are you Sizz?
Some clients have found her disgusting, so obviously we've hidden her away.
Your professional nature, willing to answer any requests without contempt
deserves respect, but...
You should use that talent more meaningfully.
In order to preserve the balance of this world!



Hey!



Mm~

I guess I do start slipping after using my skill, huh...?

Just when I thought I'd get a good night's sleep, I saw that...

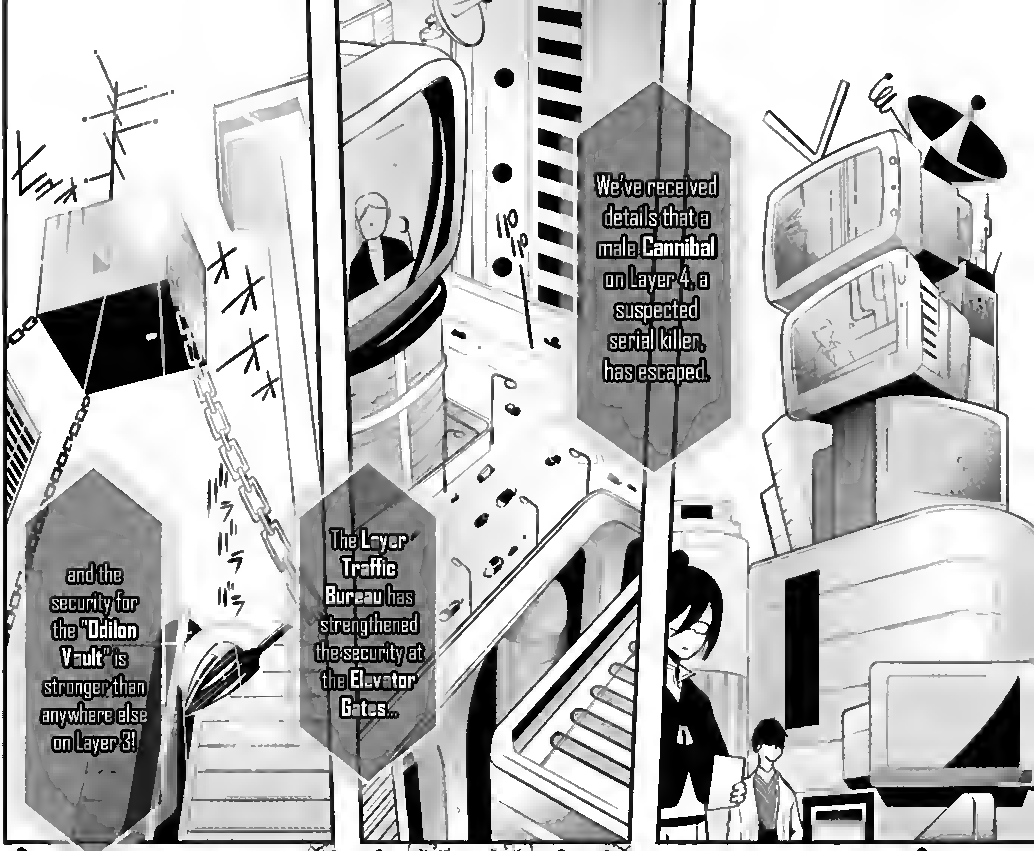
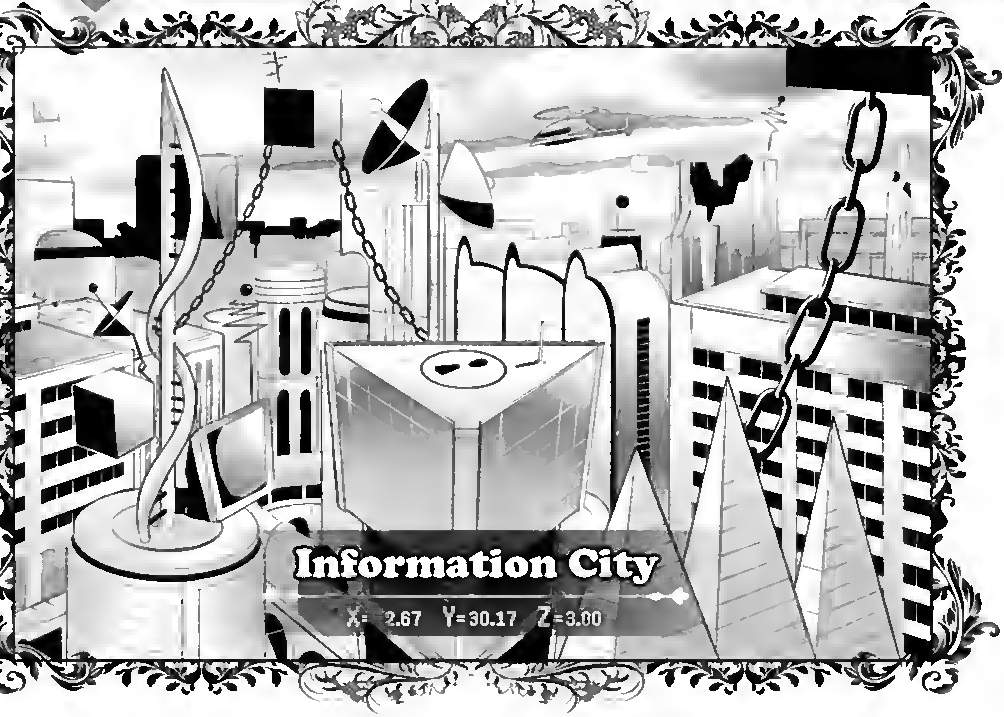
When it comes to weapons, *appearance* is critical. Bigger is better.



We've received details that a male Cannibal on Layer 4, a suspected serial killer, has escaped.
The Layer Traffic Bureau has strengthened the security at the Elevator Gates...
and the security for the "Odilon Vault" is stronger than anywhere else on Layer 3!



Information City
X= 2.67 Y=30.17 Z=3.00

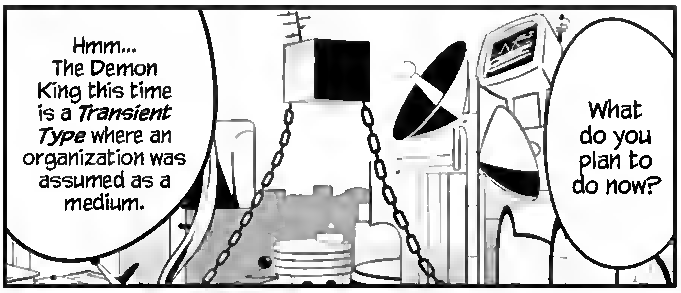
Not at the moment.
Too close-
Tolza-san! Do you have any plans on returning to Layer 5!?
ﾘﾛﾛﾛ

The layer that the Demon King appeared on this time is three. That means, it's *this* layer!
The Demon King cannot move from the layer they appear in.
That means, this city will be in constant danger from the Demon King!

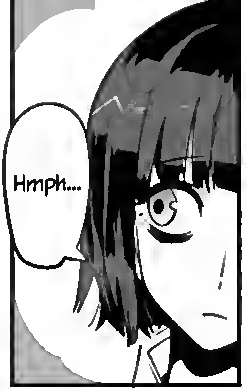
Very!
Tolza-san! Isn't that sword heavy!?
Please leave the Demon King's subjugation to us!

Mayor Valjean, we'll be late.
Well, whatever... It should be fine for us to relax for a moment, hm?
Very good...
The Subjugator of the Cross... huh?

I didn't want to do it though, since I'm tired.
You spoke seriously at that press conference, didn't 'cha!
I don't really understand it though.
...This was the piece that won the arts prize for the first time in 30 years?
But you know, this photo...
People made a fuss about it because they thought I was a "cultured person who understood the arts."
Since I grew up in a place littered with corpses, I only had corpses to take pictures of.
The arts aren't really that extra-ordinary.



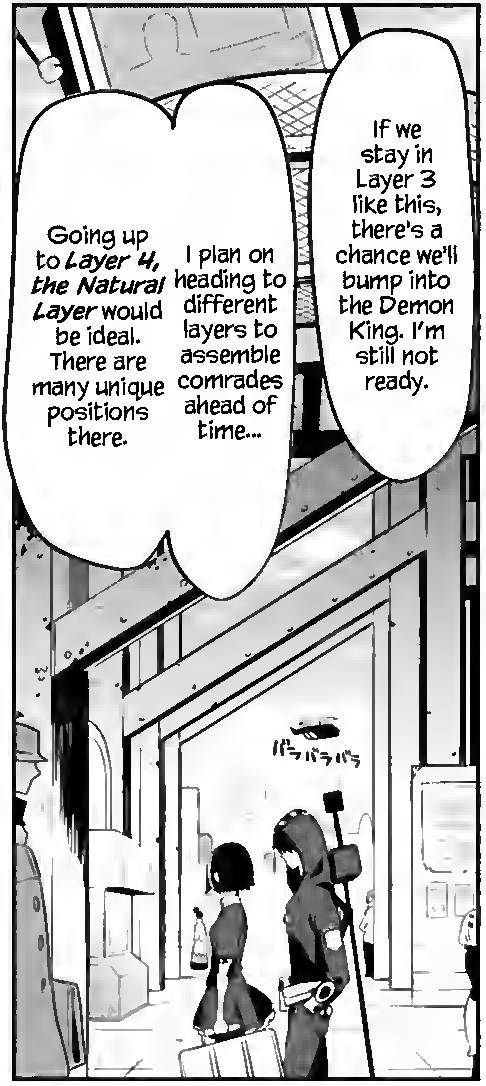
Hmm... The Demon King this time is a *Transient Type* where an organization was assumed as a medium.
What do you plan to do now?



Hmph....

That said, isn't walking slow?
I have no choice. Big sword.

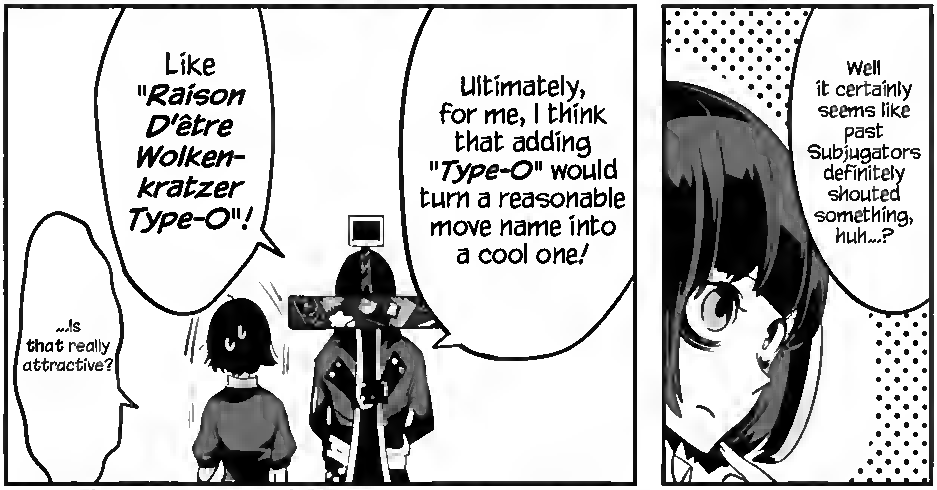
You really should act a little bit more hero-like...
I keep telling you that I'm not heroic.



If we stay in Layer 3 like this, there's a chance we'll bump into the Demon King. I'm still not ready.
I plan on heading to different layers to assemble comrades ahead of time...
Going up to *Layer 4, the Natural Layer* would be ideal. There are many unique positions there.
バラバラバラ

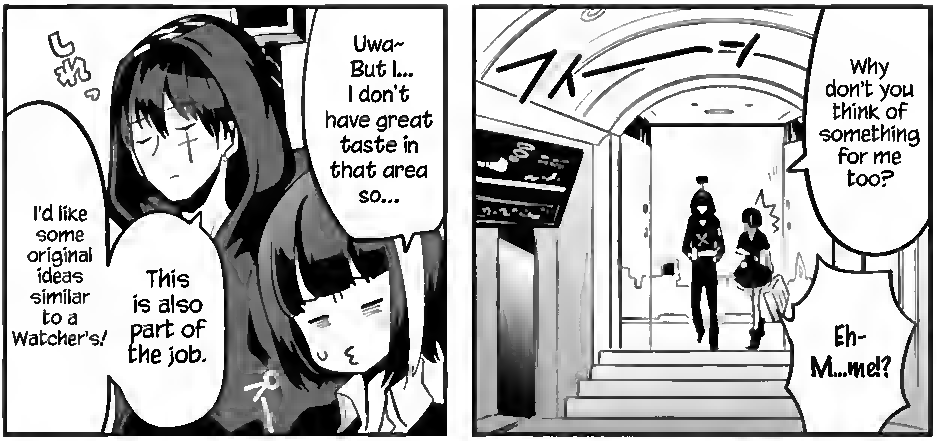
People watching would get fired up as well!
...After all, when I slash at the enemy like this, shouting the special move's name would look so much more aesthetically pleasing!
...

Tolza literally says "a good display for the beauty in form" which means the beauty in the design of a work of art such as its unity and harmony

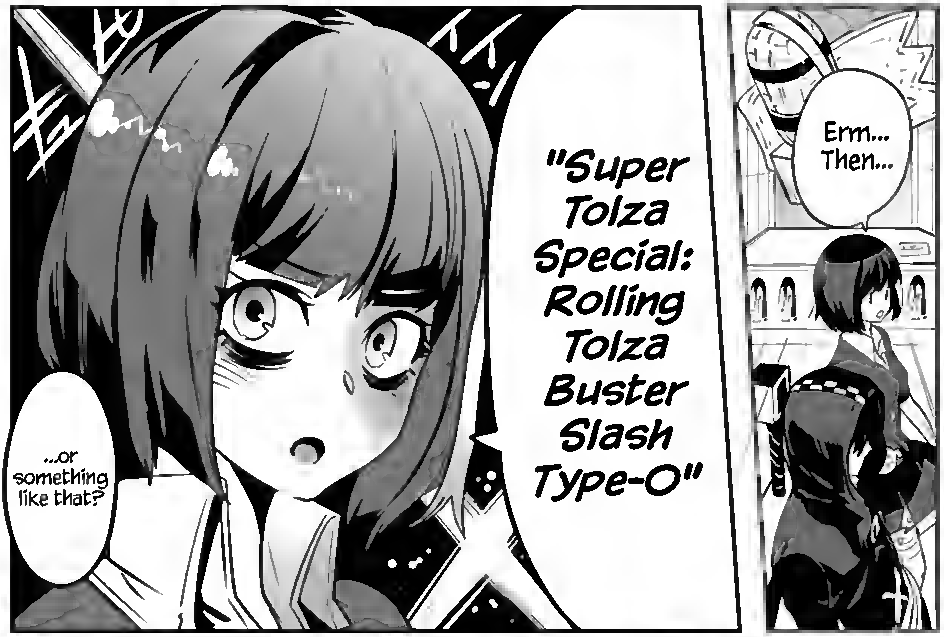


...Is that really attractive?
Like "Raison D'être Wolken-kratzer Type-O"!
Ultimately, for me, I think that adding "Type-O" would turn a reasonable move name into a cool one!
Well it certainly seems like past Subjugators definitely shouted something, huh...?

"Raison D'etre" means "reason for being," and "Wolkenkratzer" means "skyscraper"



しれっ
Uwa~ But I... I don't have great taste in that area so...
I'd like some original ideas similar to a Watcher's!
This is also part of the job.
Why don't you think of something for me too?
Eh- M...me!?



"Super Tolza Special: Rolling Tolza Buster Slash Type-O"
...or something like that?
Erm... Then...

Holy crap!

I don't really want to emphasize my name *that* much.

Well, I was just caught off guard because it was ***eight times lamer*** than what I expected.
And by "*rolling*," did you mean "revolving?" You said "*Tolza*" twice...

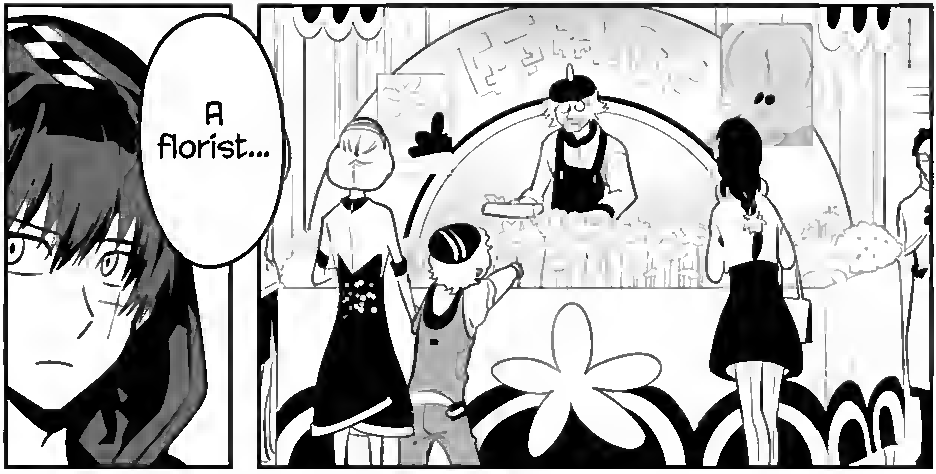
Hey!! That's what I should be saying!!



A florist...

There's even these stores in this big town!

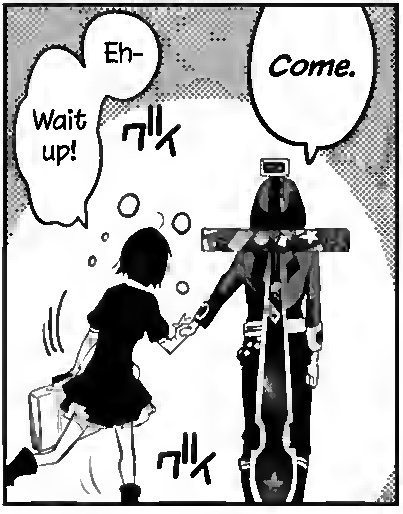
Rather than dying alone and forgotten, they want to entrust the remaining traces of their life to the living.
I see them in a better light though.
...Flowers are like corpses, so imprudent ones exist as well, but...
...It's not like you wouldn't understand that kind of sentiment.
That is to say, even if it was used as a decoration...
W-well?
Do I look cute?

That was fast-
It doesn't suit you.
That's something only maidens would wear!
On that note, deal with that outfit of yours first before considering hair ornaments.

EH...? ABOUT A WEEK?

How many days in a row have you worn that same one!?

Woah! Nasty!



Come.
Eh-
Wait up!

Er, but! There was a commotion after the Demon King emerged!
I didn't have the time for that, you know!

I'll buy them all.

Since your body isn't so bad.
you'll be more or less okay.

But hey... I'm sorry.

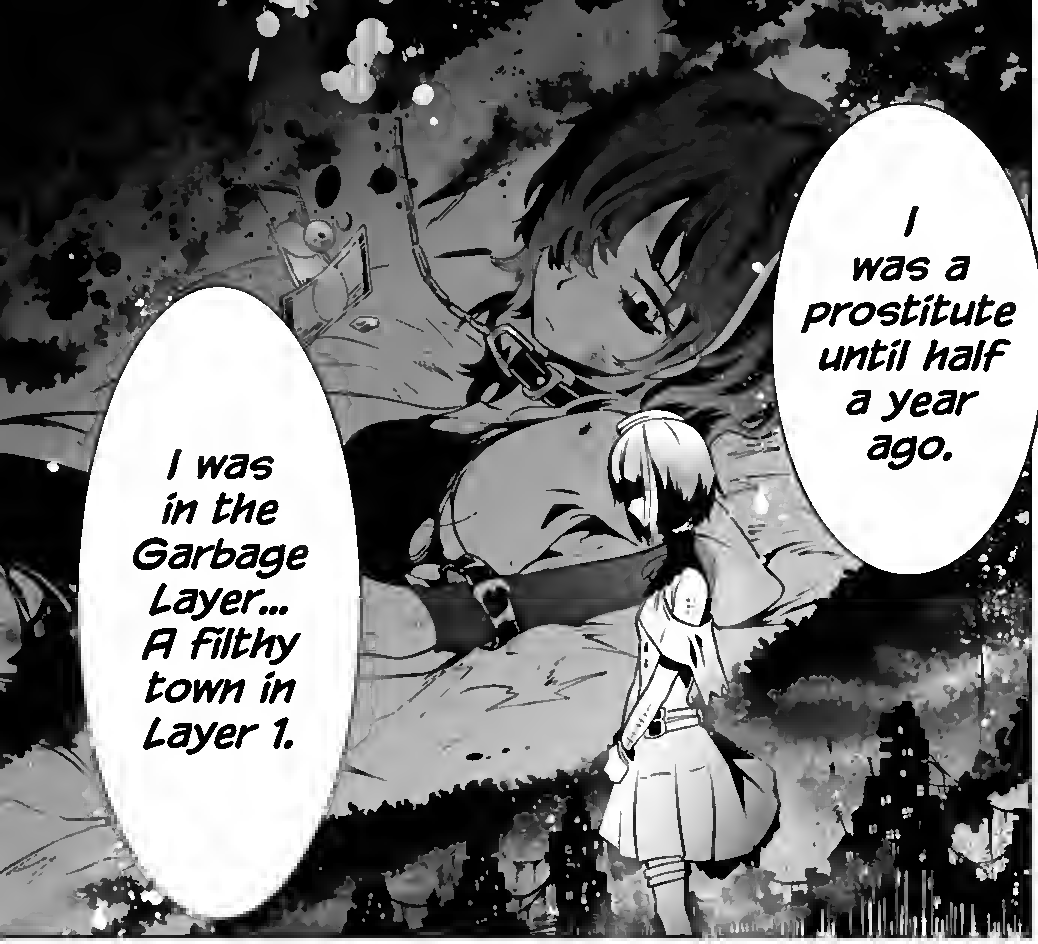
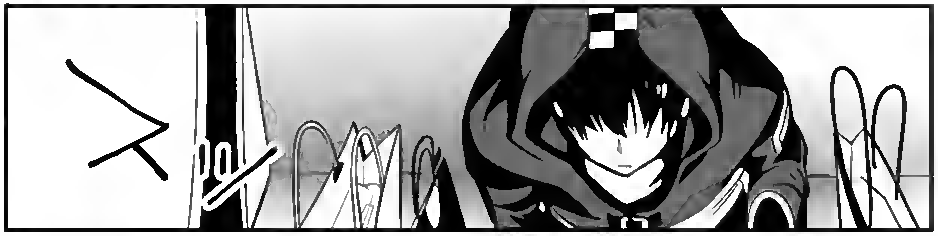
I've realized that black fits me better.
I'm... a bit *dirty*, so...
Why is that?
That's not it.
I'm dirty... as a person... Well, how should I say it...
That's only because you're sloppy. If you paid more attention to your appeara—

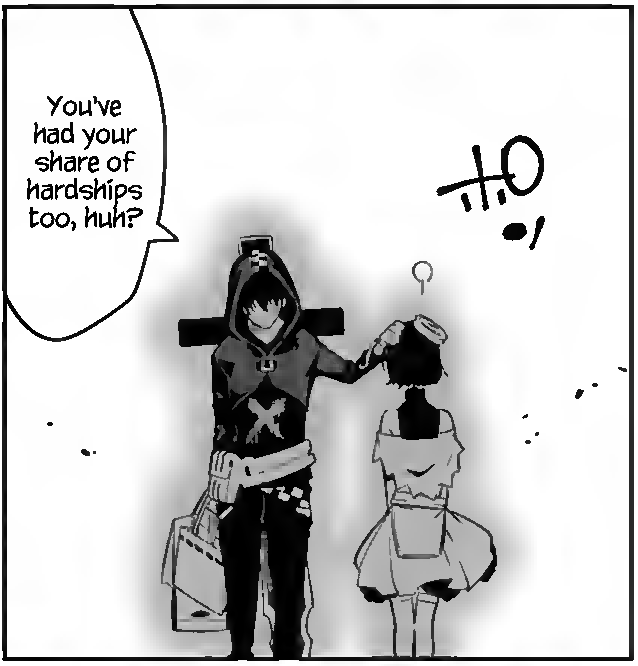


I was a prostitute until half a year ago.
I was in the Garbage Layer... A filthy town in Layer 1.

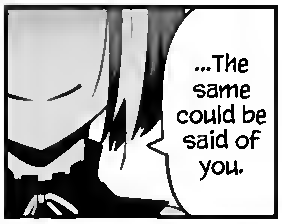
By the time I matured, I was inside a brothel already, so...
And there are practically no hospitals in Layer 1, so there were tons of people who didn't know what my position was...
Personnel from the seventh observatory came by half a year ago... And even though they told me I was a "Watcher," I was worried!

"Sizz" was the name I was given when I was in the brothel.
I knew of no other name.
I no longer wanted... to dress up and become another commodity!
...Well, that was the kind of environment it was.
Hey... Tell me!





You've had your share of hardships too, huh?



...The same could be said of you.

Hey. Let's go.

Erm!

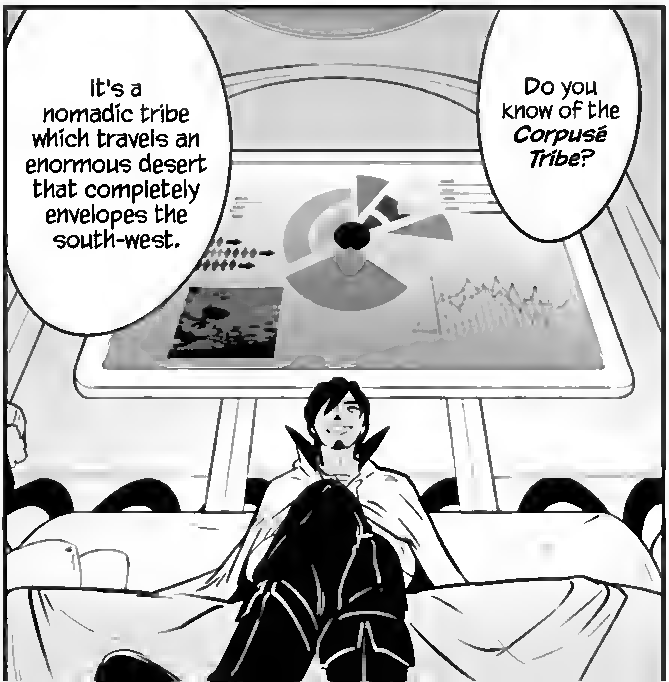
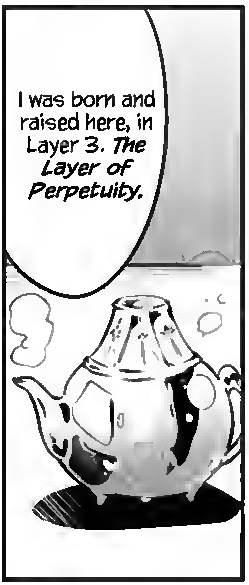
Ohh... The "War Layer," huh?
Which layer are you from?
Layer 5.

.....

I know quite well about the way people die, you know?

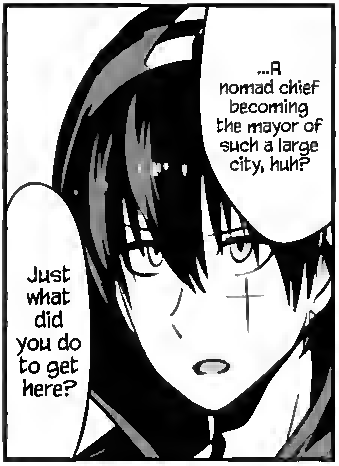


It's a nomadic tribe which travels an enormous desert that completely envelopes the south-west.
Do you know of the *Corpusé Tribe*?



I was born and raised here, in Layer 3. *The Layer of Perpetuity.*

I was the chief of one of their tribes.
Though now, that's all in the past.



...A nomad chief becoming the mayor of such a large city, huh?
Just what did you do to get here?

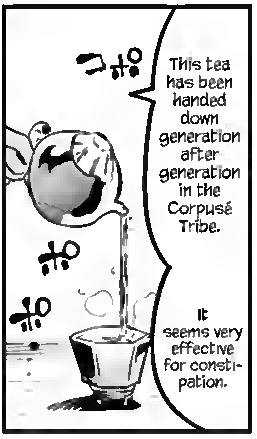
Yep, yep! I still believe the appearance that I'm used to is the best for me.
mogmog
Ehh~ So that's why you dress like that!

I've only acted with honesty though.
Hm...?

But of course, the ones who are capable of truly following through are *very few*, wouldn't you agree?
I'm content as long as I can take care of everyone and everything with a heart of devotion and selflessness.

Tolza-kun... You look a bit too gloomy.
You have a theatrical way of speaking, don't you?
...What's your position?
What do you think it is?
...It must be a really embarassing one, right?
Like *Armpit Sorcerer*...
Subjugator... Don't you get too cocky!!
Hey hey, hey hey hey...
Be friend-lier!
... Yes Sir.

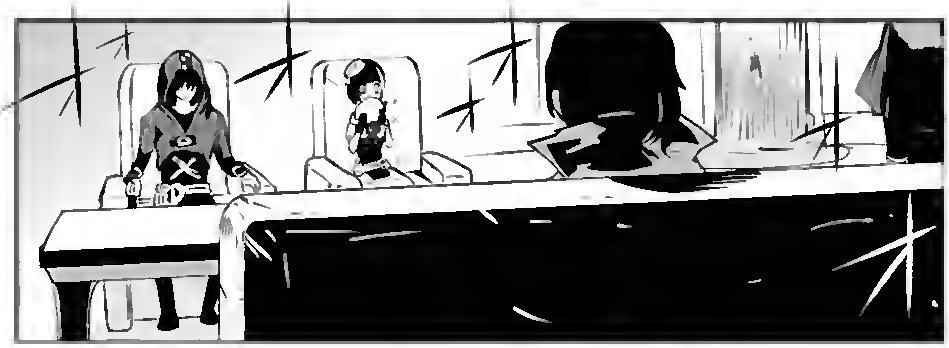
If I told you that I put the blood of every towns-person in this tea,
would you still drink it?

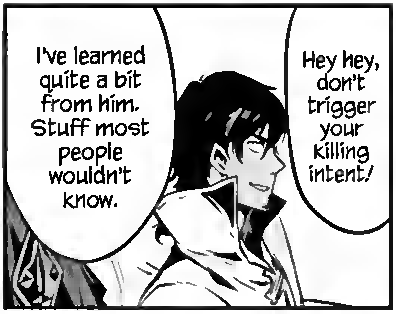


This tea has been handed down generation after generation in the Corpusé Tribe.
It seems very effective for constipation.

No. That's repulsive.
You're lying.
I'm sure you would happily drink up.

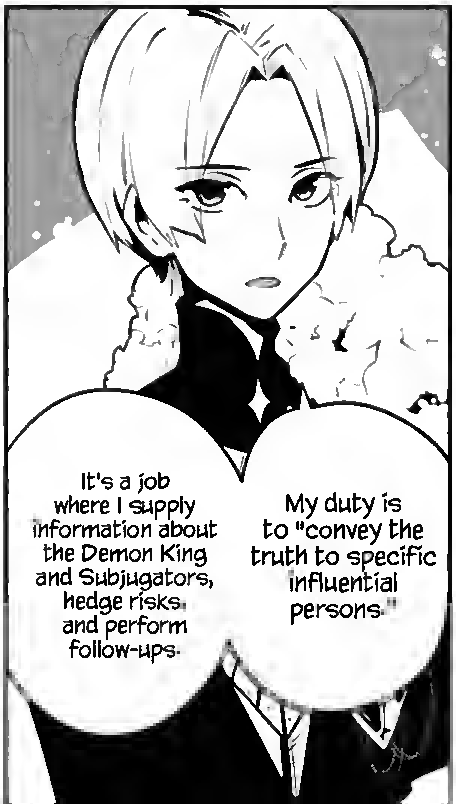
.....





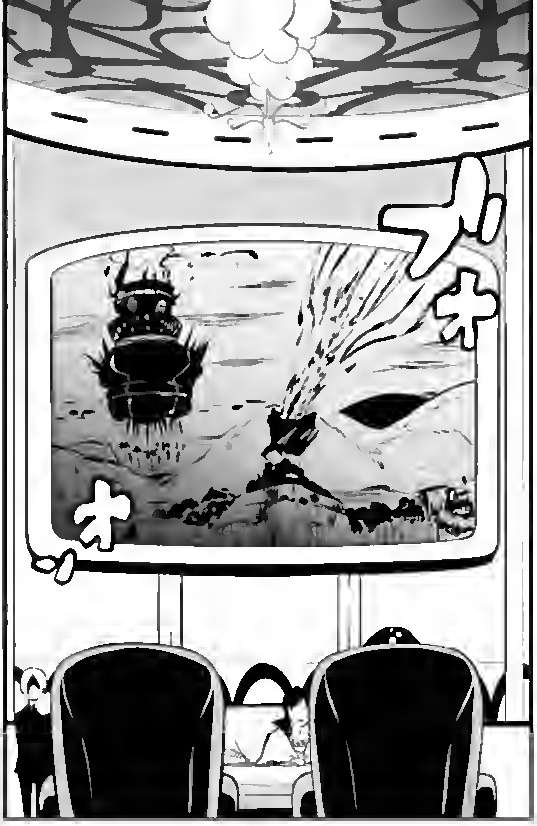
I've learned quite a bit from him. Stuff most people wouldn't know.
Hey hey, don't trigger your killing intent!

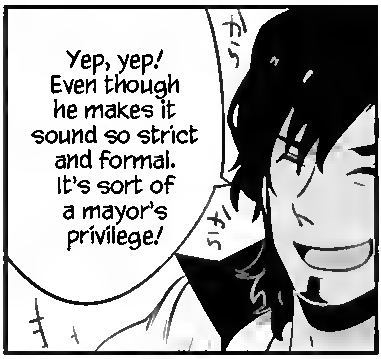
...How much are you aware about?



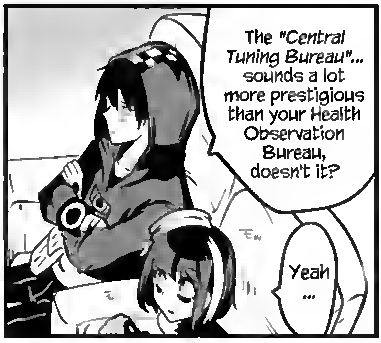
It's a job where I supply information about the Demon King and Subjugators, hedge risks, and perform follow-ups.
My duty is to "convey the truth to specific influential persons."

Nonnomeppu Gasket-kun is someone dispatched from the management side of the Central Tuning Bureau in the *Six Bureaus of the Ministry of Enforcement*.

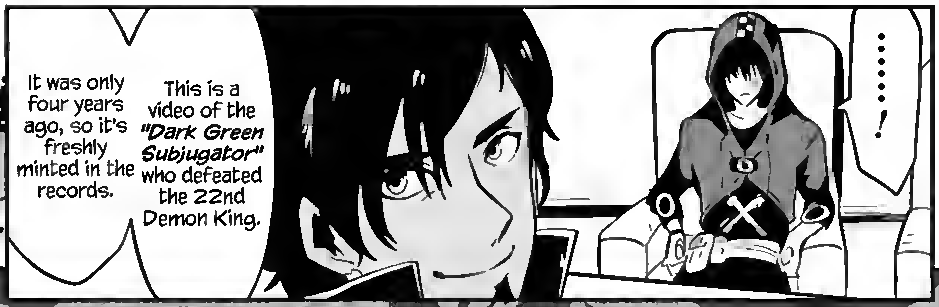




Yep, yep! Even though he makes it sound so strict and formal. It's sort of a mayor's privilege!



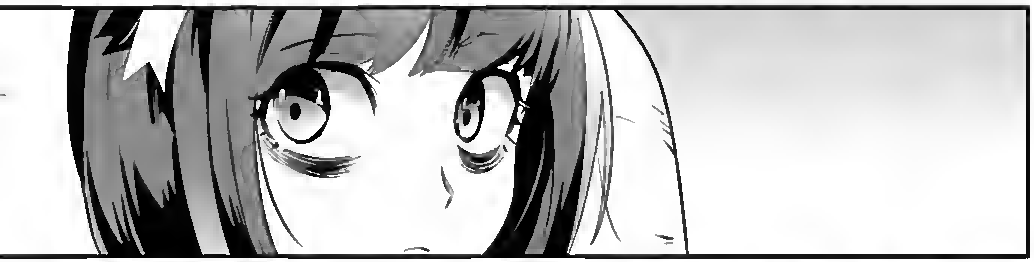
The "Central Tuning Bureau"... sounds a lot more prestigious than your Health Observation Bureau, doesn't it?
Yeah ...



This is a video of the "Dark Green Subjugator" who defeated the 22nd Demon King.
It was only four years ago, so it's freshly minted in the records.
.....!

This video of the final battle would be broadcasted to every layer each time, but I frankly find it curious!
The scene that's displayed is always of the slaying of the Demon King...
But, I understood why.

He's someone who held a highly distressing fate.
Then why are you on it?
...I'm not on this journey because I desire sympathy.



Once you start down this path, there's no going back...
...For a sense of purpose.

You know, the kind of remark a Demon King should be saying at this point in time is...
Aha! Is Armilicchi getting cold feet?

What should I quench my thirst with!?
Where should I direct my anger towards?
Who should I heal my grief with!?
I've done nothing wrongggggg !!!

You talk too much.
If you've become a Demon King,
you should be saying "I'll murder all of you!"
You're right! Demon Kings are simple! They just destroy!
It's obvious to anyone that taking is easier than being taken from!
……!!

But, you can't escape from your Position.
The Demon King will always be defeated by justice. It's a never-changing storyline.
So what!?
I won't be killed by you!
You're nowhere close to "justice"!

There's a limit to the amount of Black Bile he has, so he can't keep reusing it.
Nonno-meppu-san...
Right now, how many Subjugators are there in all of the Layers? Do you remember?
3,216... if I recall?

That's because they, those who wait for someone else to step up and save the world while they sit around doing nothing but gaze in envy,
have it going easy for them.

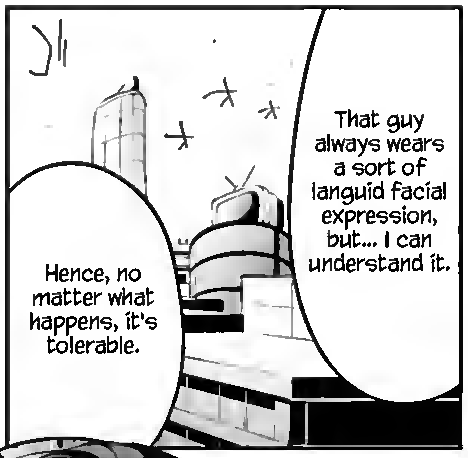
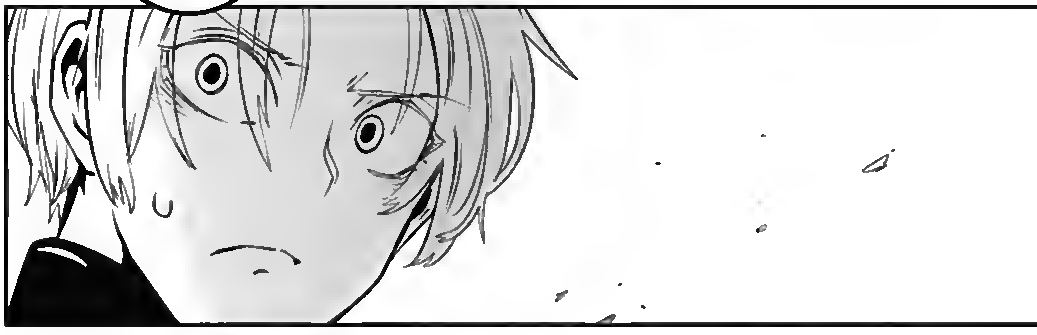
Even so, would you say that
the Subjugator Position wastes a human's life?



That guy always wears a sort of languid facial expression, but... I can understand it.
Hence, no matter what happens, it's tolerable.

Would you say it's a Position that should be scorned as the "worst"?



Don't run.

Don't worry. In exchange, I got one of his legs.
Geass-san, I knew I could count on you! I guess the Chairman's going to be thrilled to hear that, hm?

Although, one of my arms was taken.

Of course. We can no longer go easy.
If we meet again, we'll go all out and even exchange our organs!
Ahaha! You're right~ All because of us!
No store here's running anymore.
Well I don't mind, but...
Mm
I'm pretty beat... Geass-san, why don't we have some tea?
Well then, in conclusion,
